<b>Enter your reflective comments</b>	Despite workforce pressures the school has endeavoured to provide literacy and numeracy support to targeted students on a weekly basis. The learning specialists continue to build their capacity to support planning and teacher practice. The school has had good gains in NAPLAN reading and numeracy and the moving average for Year 5. The school staff survey indicated improvement in collective efficacy, collective focus, collective responsibility, guaranteed and viable curriculum and teacher collaboration. In 2022, the school took part in a causal inquiry on numeracy which highlighted the school's concerns with attendance. In term 4, the school appointed a full time Learning Specialist for numeracy, and a part time (0.6) Learning Specialist for student wellbeing. In 2023, the Literacy Learning Specialist will increase her time fraction to 0.9.

<b>Considerations for 2023</b>	Focus for 2023 will be to achieve the end of the School Strategic Plan targets - in particular, numeracy and student attendance. In terms of student wellbeing, the focus will be on increasing teacher knowledge and confidence to implement DET's Resilience, Rights and Respectful Relationships program to increase positive student endorsement for the AtoSS: Managing bullying, Stimulated learning and Sense of confidence.
